

DeZURIK SERVICE CENTERS

DeZURIK Service Centers provide the personalized service you require. Our service centers are strategically located to provide you with off-the-shelf inventory, valve automation, repair or refurbishment, and a wide variety of other services.

DeZURIK's network of Service Centers stocks a variety of valve styles including high performance butterfly valves, knife gate valves, v-port ball and rotary control valves, urethane lined knife gate valves, severe service knife gate valves, o-port gate valves, resilient seated butterfly valves and many others.

Valve Styles In Stock!

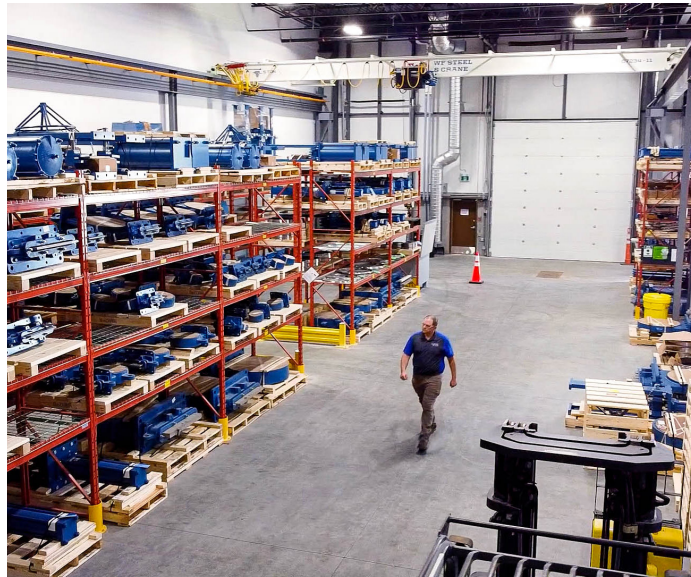

- High Performance Butterfly Valves
- Cast Stainless Steel Knife Gate Valves
- V-Port Ball Valves
- Rotary Control Valves
- Urethane Lined Knife Gate Valves
- Severe Service Knife Gate Valves
- O-Port Gate Valves
- Resilient Seated Butterfly Valves

Valve sizes up to 36" are on the shelf to meet your quick delivery requirements.

Valves can be actuated with lever operators, handwheels, chainwheels, spring diaphragm or cylinder actuators.

The service centers stock a wide variety of accessories including digital and analog positioners, limit and proximity switches, air filter regulators, position transmitters and many other accessories that will make sure you get the right valve for your service.

DeZURIK Service Centers can also provide start up services or preventative maintenance during a scheduled shutdown. If required, our Service Centers can also provide emergency after-hours or holiday service.

DeZURIK is committed to providing our customers with unparalleled service. Whether you need a valve off the shelf or assembled to order in weeks, days or hours, we will do our very best to keep your plant running.
