The registration is conditional on your compliance with the following notes:

As indicated on AB-41 Statutory Declaration form and submitted documentation, the code of construction is ASME B31.3.

- This registration is valid only for fittings fabricated at the location(s) covered by the QC certificate attached to the accepted AB-41 Statutory Declaration form.*
- This registration is valid only until the indicated expiry date and only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date.*
- Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.*

Acceptance is based on the understanding that the corrosion allowance is equal 0 and the clamps connection on left and right side of the valves are not part of this registration, however shall be registered as fittings with ABSA.

An invoice covering survey and registration fees will be forwarded from our Revenue Accounts.
